

FEATURES AND SPECIFICATIONS

ServiceGrade™ Economy Cable Tie Tool

19294-0002

The Molex ServiceGrade economy cable tie tool is the tool of choice for electrical contractors, technicians and repairmen. The sturdy construction and light weight make it the perfect companion.

- All metal construction for durability and extended life
- Tool is adjustable for wire tie tension for 18 to 50 lb. ties
- Lightweight and small handle spread which makes it ideal for all users
- This tool is safe and effective as it will eliminate sharp edges on cut ties
- Ejects the cut-off portion of the wire tie with one stroke of the tool
