100 Series Smoke Detector with A77-AB

400 Series Smoke Detector with A77-AB

Features

- 6.5″ diameter to cover retrofit applications using System Sensor 100, 300, and 400 series direct-wire detectors
- Bracket color blends with 100, 300, and 400 series detectors
- Made of high UV-resistant plastic
- No additional hardware needed

The System Sensor A77-AB Adapter Bracket allows installers to retrofit applications where a larger diameter smoke detector was previously installed. This Adapter Bracket covers unsightly footprints allowing a new System Sensor direct-wire detector to blend into the acoustical tile without the need for costly ceiling repainting. This simple solution reduces installed costs on fire alarm system retrofits.

Specifications

Size:	
Inner Diameter:	4.6″
Outer Diameter:	6.5″
Construction:	High UV-resistant plastic
