UV131 USB Flash Drive

Seamlessly crafted with a chromium-gray finish, the UV131 USB Flash Drive is a stylish statement about simplicity and durability. For those who demand high quality, it features a sturdy zinc-alloy housing with a streamlined exterior and capless design that delivers the ultimate in professionalism and ease-of-use. Thanks to its style and portability, the UV131 is not only an USB flash drive, but also a fashion accessory for your daily life.

A Simplistic Look

Featuring a stylishly professional chromium-gray exterior made of rugged zinc-alloy and a race car spoiler lanyard hole, ADATA's UV131 USB Flash Drive combines the best in good looks and durability for personal data storage.

Durable & Easy-to-go

The metallic zinc-alloy material is more durable and sturdy when compared to other plastic flash drives. Take the UV131 USB Flash Drive everywhere for durable, stylish and worry-free personal data storage!
