3M™ Wrist Strap – Adustable Elastic Fabric (Standard Performance)

Adjustable Fabric Wrist Strap

This standard performance wrist strap set features a fully adjustable stretch fabric wristband and 6ft coiled cord. The band provides 360 degree conductivity around the wrist for maximum skin contact. Band curling is reduced by the woven band fabric. The retractable coil cord connects to the wrist band via a 4mm post snap and contains a 1 megohm resistor. A "spinning style" banana jack reduces cord tangles and improves the cord's life span. Includes alligator clip. Band available in Blue or Maroon.

3M™ Wrist Strap and Cord -- Adjustable Elastic Fabric

Standards

Meets the requirements of EIA 625, MIL-STD-1686, and MIL-HDBK-263

Specifications
