300324	☑	4C “T” Junction: 3 Jacks, 1 Plug
	☑	(6X2 6X2 6X4 Jacks to 6x4 Plug)

RJ45 Accessories

These extremely attractive boots will offer excellent strain relief on cables, protect the locking tab of the connector, and enable col coding for easy identification of cable. Especially useful on complex multi-port patch panels. No longer a need to buy colored cabled. Save money by buying larger bulk quantities of one color cable and apply these boots. Wall plates will fit Keystone RJ45 8 position and Inline Snap In RJ45 8 position jacks.
