

Moistureproof Circular Connectors for Solder Terminations Meeting IP55

EB Series

DDK Ltd.

OUTLINE

EB series is a moistureproof circular connector to meet Class IP55 protection when mated. The rubber inserts prevent moisture and dust from intruding into a system. EB series has a bayonet coupling design which is suitable for applications requiring quick positive coupling and vibration resistance.

FEATURE

1. Bayonet Coupling

This series has a bayonet coupling design. The click sound after rotating the coupling ring gives you the indication of full coupling.

2. 5 Keys to Prevent Mismatching

The shell has five keys. Alternate insert positions eliminate the connector mismatching if more than one connector with the same size and arrangement is to be used in a system. The insulator is permanently positioned in the shell so that only a connector with the same degree of rotation can be mated with it.

3. Quick and Easy Termination

The contacts are preloaded in the connector. The solder cups are oriented in one direction to simplify termination.

SPECIFICATIONS

Contact Size		#20 Contact	#16 Contact
Male Contact Diameter		1.0mm	1.6mm
Rated Voltage		250V AC(r.m.s.) or 350V DC	
Rated Current		5A / Contact	10A / Contact
Applicable Cable	Conductor Diameter	1.0mm max.	1.5mm max.
	Nominal Sectional Area	0.5mm ² max.	1.25mm ² max.
	Reference Wire Size	AWG #20 max.	AWG #16 max.
Operating Temperature		- 25°C ~ + 85°C	
Insulation Resistance		1,000M Ω (min.) at 500V DC.	
Dielectric Withstanding Voltage		1,000V AC(r.m.s.) at 1 minute.	
Contact Resistance		5m Ω max. at 1A DC	
Vibration		Amplitude : 10-55Hz / 1.5mm	
Waterproof Rating		IP55	
Shock		Acceleration 50G.	
Durability		500 cycles	
Humidity(Stable Condition)		40°C, 90-95%, 96 hours	
Heat Cycle		- 40°C to +100°C : 5 cycles	
Salt Spray		5%, 35°C, 48 hours	

Note: AWG wire sizes for reference only.

MATERIAL / FINISH

Item	Material / Finish
Insert	Polychloroprene Rubber / Black
Contact	Copper Alloy / Silver Plating (Standard) or Gold Plating (Option)
Shell	Zinc Diecast / Zinc Plating, Trivalent Chromium Treatment(Black)
Hood	Aluminum Alloy / Zinc Plating, Trivalent Chromium Treatment(Black)
Boot	Polychloroprene Rubber / Black
Protection Cap	Polychloroprene Rubber / Black, Zinc Plating, Trivalent Chromium Treatment
