Charge & Sync Flip 3.3ft (1m) - Pink, Reversible USB to Lightning Cable

Charge and Sync Lightning Cable

Designed as a replacement for factory Apple® Lightning cables or as an additional cable to keep in the office, car, backpack or briefcase, IOGEAR's super flexible Charge & Sync Flip™ Reversible USB to Lightning cables meet or exceed OEM cable standards for performance without being stiff or difficult to coil. High-grade materials enable thinner construction and make for a non-bulky, tangle-free cable.

Our Lightning cables are compatible with all Apple USB chargers, computer USB ports and aftermarket USB chargers with built-in compatibility for iPod® / iPhone® / iPad®. All of IOGEAR's Lightning cables are Apple MFi certified to work with every device compatible with the original Apple supplied cable, including the new iPhone 6 and iPhone 6 Plus. Non-certified cables can have out-of-spec connectors and imitation processors which can damage your device, so always make sure you are purchasing an actual Apple Authorized cable like the those available from IOGEAR!

Reversible USB

Ever get frustrated with fumbling around with your USB connector because you plugged it in the wrong side? Well, worry no more with IOGEAR's Charge & Sync Flip™ cables. These cables feature a reversible USB Type A connector which allows you to easily plug in the USB no matter which side you plug it in. No more looking at the connector and messing with it - simply plug and go!

Colors to Match Your Style

The Charge & Sync Flip™ comes in four fun and vibrant colors: [Green](#), [Blue](#), [White](#), and Pink. Whether it's your favorite color or simply because it matches the color of your phone, our Charge and Sync Flip™ cables are sure to show off your style and individuality.

- Our Flip™ Reversible USB connector eliminates the frustration of plugging the USB on the wrong side
- Compatible with all Apple Lightning devices
- Variety of colors to match your phone and personal style
- Strain relieved connectors for maximum durability
- Easy grip and stain resistant cable jacket
- Small connector housing that can fit most smartphone / tablet cases
- 3.3ft (1m) length
