Color Lens Strobe Attachment

The System Sensor color lens attachments are easy to install to any indoor or outdoor SpectrAlert® Advance strobe devices to provide distinctive visual signaling.

Features

- Available in four colors — amber, blue, green, and red
- Easily attaches to any non-fire printed SpectrAlert Advance strobe
- Outdoor rated from –35°F to 151°F
- Wall or ceiling mount lenses available
- Applications include mass notification, severe weather, emergency response, and more
- UL 1638 listed

The System Sensor SpectrAlert Advance color lens attachments come in four colors—amber, blue, green, and red—for mass notification, severe weather, emergency response, and other non-fire applications. The lenses easily attach to any non-fire printed SpectrAlert Advance strobes, including horn strobes, speaker strobes and strobe-only devices. The lenses may be used with wall or ceiling strobes in indoor or outdoor applications.

Each lens ships with a clear adhesive on the bottom surface. The lens is then aligned with the clear strobe and applied.
