Description

Connect the U024-005-DSK1 1-Port USB 2.0 Hi-Speed Desktop Extension Cable (M/F) to your computer's existing USB-A port to extend it up to five feet away. This flexibility allows you to place the cable's desktop hub with female USB 2.0 connector within easy access next to your keyboard, on a nearby shelf, behind a monitor or anywhere else you find convenient. It's especially recommended for moving a rear USB port somewhere easier to access. A black padded base provides stability.

Premium foil and braid shielding delivers reliable, error-free signal quality and protection from EMI/RFI line noise.
