

USB to Parallel Printer Cable (USB-A to Centronics 36-M) 6-ft.

MODEL NUMBER: **U206-006-R**

Description

Tripp Lite's gold USB to Parallel Printer Cable (USB 1.1) provides the convenience of connecting a parallel device such as a printer to a computer through the USB port. Just plug it in and the driver installs automatically; no need for a software CD. Perfect for systems without a parallel port or when the existing parallel port is needed to be freed up for other devices. The 6ft. cable features gold-plated connectors and gold-plated copper contacts for superior conductivity. The cable is manufactured with molded connectors and integral strain relief for extra durability and long life. Double shielding provides maximum EMI/RFI protection. USB-A male to Cent36 male. Clamshell retail packaging.

Features

- Connects a parallel device such as a printer to a computer through the USB port
