

High Performance 3-Phase RFI Power Line Filters for WYE Applications

A Series

UL Recognized
CSA Certified
VDE Approved

AYP/AYT

A Series

The 3-phase filters are designed for 3-phase, four wire, WYE applications providing filtering in each of the three lines plus the neutral and ground line.

The 3-phase models feature:

- Both common mode and differential mode suppression from 50 kHz to 30 MHz
- Effective for both balanced and unbalanced three phase loads
- Ground choke included
- Shielded construction

The dual stage AYT provides higher performance, while the single stage AYP is good for lower noise environments.

End Bell Mounting Accessories

Mounting brackets available in two sizes, 20/30 amp (AA400) and 45/60 amp (AA405).

End Bell mounting kit available in two sizes, 20/30 amp (AA406) and 45/60 amp (AA407).
