

# Data sheet

2017-07-06  
Product version 00  
Document revision 1

**Order No.: 1861250**

**Type: FKCOR 2,5/ 4-ST-5,08**

**Plug component, Push-in spring connection**

The figure shows a 10-position version

## 1 Main features

- |                           |                           |                        |                     |
|---------------------------|---------------------------|------------------------|---------------------|
| • No. of pos.             | 4                         | • Nominal current      | 12 A                |
| • Conductor cross section | 2.5 mm <sup>2</sup>       | • Nominal voltage      | 320 V               |
| • Color                   | green                     | • Connection direction | 90 °                |
| • Pitch                   | 5.08 mm                   | • Type of packaging    | packed in cardboard |
| • Connection method       | Push-in spring connection |                        |                     |

## 2 Your advantages

- ✓ The conductor connection orthogonal to the direction of operation simplifies the cabling of DIN-rail-mountable devices
- ✓ Time saving push-in connection, tools not required
- ✓ Intuitive use through colour coded actuation lever
- ✓ Quick and convenient testing using integrated test option
- ✓ Can be combined with the MSTB 2',5 range

Make sure you always use the latest documentation.
