Bosch D-Tect 120 Professional Detector

BOSCH
Invented for life

The intuitive radar scanner for all materials

- Dual Power Source: Can be operated both with 10.8 V LI battery and with standard alkaline batteries
- Spot measurement instead of procedural measurement enables detection on extremely small surfaces
- Centre finder: Visual direction guidance for precise locating of the object's centre

Technical Data

Detectable materials	Water-filled plastic pipes, ferrous metals, non-ferrous metals, wooden studs, live cables
Max. detection depth	120 mm
Detection depth, steel, max.	120 mm
Detection depth, copper, max.	120 mm
Detection depth of live cables, max.	60 mm
Detection depth of wooden substructures, max.	38 mm

Scope of Delivery

Alkaline batteries
Battery adapter
Carton (L-BOXX-ready)
Quick-start card
