RoHS Certificate of Compliance (PDF)

General	
Product Family	Application Tooling
Series	T9999
Comments	This hand tool has been obsoleted and not replaced because it produces a bulge. If we were to eliminate the bulge then the wire brush length would be compromised. Therefore, there will be no hand tool offering as the requirements for the connector system will not allow for a hand tool to be designed to meet the quality requirements of the connector system.

Warranty Disclaimer	CAUTION: Molex tooling crimp specifications are valid only when used with Molex terminals and tooling manufactured by Molex and sold by Molex or authorized distributors ("Molex Tooling"). When using tooling other than Molex Tooling with Molex specific connector systems listed in our ATS documents, the Molex tooling qualification does not apply and the responsibility for full qualification of the connector system is that of the customer. Molex accepts no liability for connector performance or tooling support where tooling other than Molex Tooling is used or where Molex Tooling is modified.
