6X Large	73619	73639	73659

- **Conductive knitted cuff**
Eliminates need for wristband
- **Creates Faraday Cage effect**
Charges on worker clothing shielded, protecting ESDS devices
- **Patented* hip-to-cuff grounding**
Allows your coil cord to snap to the hip of the smock for hands-free grounding, increasing productivity
- **9% minimum carbon conductive nylon fibers woven in chain-link design**
Provides continuous and consistent charge dissipation
- **Panel to panel conductivity**
Prevents isolated charged conductor in ESD protected area
- **2 years or 100 launderings**
See limited warranty on line at www.desco.com
- **>10⁵ ohms RTT**
- **Made in America**

Technical Bulletin TB-2055

Premium Statshield® Smocks feature our patented* Hip-to-Cuff grounding feature for hands-free grounding. This removes charges from the worker while allowing hands to be free, allowing for increased productivity.

For detailed information on
all Desco smocks and gloves:
www.desco.com/catalog

Design: 3 pockets, collar, and conductive cuff
Color: Blue, white, teal
Fabric: Polyester with 9% minimum carbon suffused fibers
Fabric Weight: 2.25 ounces/sq yard
Charge Decay: < 0.1 seconds per FTMS 101C/4046
Durability: 100 minimum launderings

New and
Improved
2 years or 100
launderings

*U.S. Patent #4,596,053

STATIC DISSIPATIVE GLOVES

68105	Man's Small, Beige
68104	Man's Medium, Blue
68103	Man's Large, Brown
68106	Man's Extra Large, Grey
68102	Woman's Small, Pink
68101	Woman's Medium, Red
68100	Woman's Large, Orange

- **Non-allergenic polyester glove**
Comfortable, antistatic; low tribocharging material will conduct charges to ground
- **Installed 4mm snap stud**
Attaches to coil cord; eliminating need for wristband
- **RTG 10⁵ - 10⁷**
Can be tested with standard wrist strap testers
- **Color coded, numerous sizes available**
Better fit provides high tactile sensitivity; size easily identified
- **Made in America**

STATIC DISSIPATIVE HOT GLOVES

68112	Small
68111	Medium
68110	Large

- **Non-allergenic polyester glove**
Comfortable, antistatic, low tribocharging material will conduct charges to ground
- **Nomex® lining**
Operator can handle objects to a temperature of 200°F maximum
- **Installed 4mm snap stud**
Attaches to coil cord
- **RTG 10⁵ - 10⁷**
Can be tested with standard wrist strap tester
- **Unisex sizes**
Versatile, with minimum inventory
- **Made in America**
