- 1- Heavy cast aluminum top cover with embedded heat sink.
- 2- Ø 8" (203) High impact white translucent acrylic diffuser UV stabilized.
- 3- LED strip
- 4- Cast aluminum upper base with built-in hinge mechanism.
- 5- Cast aluminum driver housing.
- 6- Ø 8" (203) Extruded aluminum column with built in cast inner mounting base plate and access cover.

W110

Height (Feet)	Model	Height (Inches)
8 Ft.	W110-C96	96" (2438)
10 Ft.	W110-C120	120" (3000)
12 Ft.	W110-C144	144" (3657)
14 Ft.	W110-C168	168" (4267)
16 Ft.	W110-C192	192" (4876)
18 Ft.	W110-C216	216" (5486)

MATERIALS

Eclipse is made of corrosion resistant 356 aluminum alloy with a copper (CU) content of less than 0.1%. LED is contained in a white UV stabilized high impact acrylic sealed cylinder. The assembly is designed to provide a uniform column illumination. The upper cast aluminum housing is designed with a tool-less hinged mechanism allowing a quick access for maintenance. The lower cast aluminum housing contains all electrical controls and is easily accessible with a hinge mechanism. Eclipse light column is available in 6 standard heights. Other heights are available on request.

ELECTRICAL

LED

DRIVER 120/277V multi volt (50-60HZ) with a minimum starting temperature of -30°C/-22°F. Optional 347V on request. Output over voltage, output over current and output short circuit protection with auto-recovery. Over temperature protection (110°C).

LED Standard 4000K LED platform included. Optional 3000K and 3500K. Removable modular LED platform.

LIFE

51,000hrs $L_{70}B_{50}$ (based on IESNA TM-21 Test Method and LM-80 data).
68,000hrs $L_{70}B_{50}$ (calculated projection from LM-80 data).

FINISH

Five-stage preparation process including preheating of cast aluminum parts for air extraction, and an environmentally friendly alloy sealant. Polyester powder coating is applied through an electrostatic process and oven cured for long term finish.

MOUNTING

Eclipse is designed for ease of access and installation. The inner cast aluminum base plate is secured with a set of (4) 3/4"-13 galvanized anchor bolts. Accessibility is done through a flush mount 4"X7" (100X178) hand hole cover plate. No external visible mounting hardware.

CERTIFICATION

Tested to UL1598 and CSA 22.2 #250. ETL listed wet location. Photometric testing performed by an independent laboratory in accordance with IES LM-79-08 standards at 25°C. Lumen depreciation in accordance with IESNA LM80 standards. CE certification on request. Rated IP65

Access to electrical components

Eclipse features a unique tool-less swing out column assembly, allowing a quick access to luminaire maintenance, leaving a clean optical chamber to ensure a high lumen performance.

NOTE: Eclipse light column is composed of two parts.

Please specify:

- 1- The Luminaire W110 with the selected LED light source
- 2- The base column to indicate the overall luminaire height. Example: W110-L1W56-C144

OPTIONS

ELECTRICAL

- FS Fuse
- PH Photocell
- 347L 347V input power driver
- SP Surge protector 10KV
- GFI Ground fault interruption receptacle

Alternate CCT °K LED

- K3 3000K CCT LED
- K35 3500K CCT LED

ACCESSORIES

- LB1 Latching lock limited access to electrical components
- BNF Fixed banner support (single arm at top)²

NOTES

- 1- Luminaires are factory prewired for 120V (if no voltage is specified.) For other voltages, please specify with catalog number, or consult factory.
- 2- BNF is factory set in position as required. Location along pole to be specified.
