

# DIN-Signal high current m, 40A solder

| Part number        | 09 03 000 6135                        |
|--------------------|---------------------------------------|
| Specification      | DIN-Signal high current m, 40A solder |
| HARTING eCatalogue | https://b2b.harting.com/09030006135   |

## Identification

| Category                   | Contacts                |
|----------------------------|-------------------------|
| Series                     | DIN 41612               |
| Type of contact            | PCB solder contact      |
| Description of the contact | Straight                |
| Contacts for               | DIN 41612 Type M invers |

## Version

| Gender                | Male contact for male connectors |
|-----------------------|----------------------------------|
| Manufacturing process | Turned contacts                  |

# Technical characteristics

| Operating current | ≤40 A |
|-------------------|-------|
| Performance level | 1     |
| Mating cycles     | ≥500  |

#### Material properties

| Material (contacts)         | Copper alloy   |
|-----------------------------|--|
| Surface (contacts)          | Noble metal  |
| RoHS                        | compliant with exemption                               |
| RoHS exemptions             | 6(c): Copper alloy containing up to 4 % lead by weight |
| ELV status                  | compliant with exemption                               |
| China RoHS                  | 50   |
| REACH Annex XVII substances | No   |

# Material properties

| REACH ANNEX XIV substances | No                                   |
|----------------------------|--------------------------------------|
| REACH SVHC substances      | Yes                                  |
| REACH SVHC substances      | Lead                                 |
| ECHA SCIP number           | 339476a1-86ba-49e9-ab4b-cd336420d72a |

## Specifications and approvals

| Specifications | DIN 41626 |  |
|----------------|-----------|--|
|----------------|-----------|--|

#### Commercial data

| Packaging size                 | 100  |
|--------------------------------|--|
| Net weight                     | 1.6 g                                      |
| Country of origin              | Germany                                    |
| European customs tariff number | 85366990                                   |
| eCl@ss                         | 27440204 Contact for industrial connectors |

## Current carrying capacity

The current carrying capacity of the connectors is limited by the thermal load capability of the contact element material including the connections and the insulating parts. The derating curve is therefore valid for currents which flow constantly (non-intermittent) through each contact element of the connector evenly, without exceeding the allowed maximum temperature.

Measuring and testing techniques acc. to IEC 60512-5-2
