GWHDKIT11C

Share Pro™ USB-C Wireless HD Video Transmitter and Receiver Kit

- Wirelessly share HD content from a USB-C laptop or tablet to a TV/display
- Eliminate the need and expense of running unsightly HDMI cables
- Connect temporary or permanent sources and a TV/display without wires
- Mirror or extend content to a larger screen for effortless viewing
- Reaches and in-room wireless range of up to 60 ft.

Share HD Video From Your Laptop or Tablet to a Larger TV

IOGEAR's Share Pro™ USB-C Wireless HD Video Transmitter and Receiver eliminates unsightly, expensive HDMI cable runs to a laptop, tablet or other AV source in the home, office or on-the-go. Effortlessly share full HD content wirelessly from a USB-C-enabled source to a larger in-room TV or display up to 60 feet away. Create a dedicated, high-speed AV connection without an existing wireless network. Share Pro also travels to meetings, class or on vacation thanks to its portable, compact design.

From a Small Screen to a Larger Screen

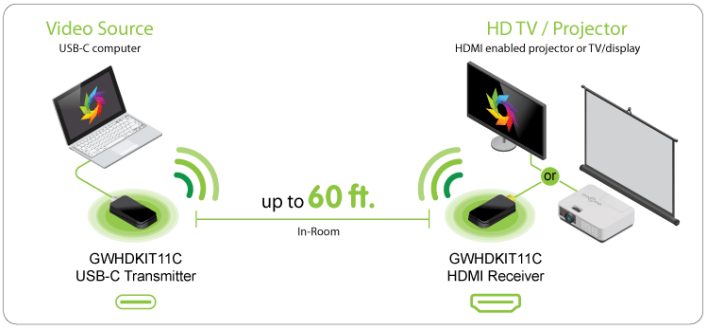

Share HD content with guests, coworkers or classmates from your USB-C* laptop, tablet or other AV source to a larger in-room screen up to 60 feet away for effortless expanded or mirrored viewing.

- Wirelessly share HD content from a USB-C laptop or tablet to a TV/display
- Eliminate the need and expense of running unsightly HDMI cables
- Connect temporary or permanent sources and a TV/display without wires
- Mirror or extend content to a larger screen for effortless viewing
- Reaches an in-room wireless range of up to 60 ft.
- Simple, straightforward setup - No software required
