

耐压: 200 V AC/minute

Technical drawing of a rectangular plate. The drawing includes the following features and dimensions:

- Top Surface:** Features seven vertical, rounded rectangular protrusions. A dimension line above them indicates a distance of $\text{DIM}=\text{A} \pm 0.15$. A feature control frame points to the top surface with the text A and a tolerance of 0.15 .
- Bottom Surface:** Features two rectangular protrusions on the left and right sides. A dimension line below them indicates a distance of $\text{DIM}=\text{B} \pm 0.1$.
- Center:** The number **7** and the text **ZWC** are centered on the plate.
- Labels:** The letter **B** is located on the left side, and the letter **A** is located near the bottom left corner.

Technical drawing of a mechanical part with dimensions:

- Overall width: 1.50
- Overall height: 2.80
- Top flange height: 2.50
- Bottom flange height: 1.95
- Bottom flange width: 1.10
- Top flange width: 0.90
- Distance between top flange and main body: 1.50
- Distance between main body and bottom flange: 1.50
- Dimension A: DIM=A ± 0.1
