

## **C2M1000170D**

### **Silicon Carbide Power MOSFET**

### **C2M™ MOSFET Technology**

### **N-Channel Enhancement Mode**

$$V_{DS} = 1700 \text{ V}$$

$$I_D @ 25^\circ\text{C} = 5.0 \text{ A}$$

$$R_{DS(on)} = 1.0 \Omega$$

#### **Features**

- High Speed Switching with Low Capacitances
- High Blocking Voltage with Low  $R_{DS(on)}$
- Easy to Parallel and Simple to Drive
- Ultra-low Drain-gate capacitance
- Halogen Free, RoHS Compliant

#### **Benefits**

- Higher System Efficiency
- Increased System Switching Frequency
- Reduced Cooling Requirements
- Increased System Reliability

#### **Applications**

- Auxiliary Power Supplies
- Switch Mode Power Supplies
- High-voltage Capacitive Loads

#### **Package**

TO-247-3

| Part Number | Package  |
|-------------|----------|
| C2M1000170D | TO-247-3 |

#### **Maximum Ratings** ( $T_C = 25^\circ\text{C}$ unless otherwise specified)

## Notes

---

- **RoHS Compliance**  
The levels of RoHS restricted materials in this product are below the maximum concentration values (also referred to as the threshold limits) permitted for such substances, or are used in an exempted application, in accordance with EU Directive 2011/65/EC (RoHS2), as implemented January 2, 2013. RoHS Declarations for this product can be obtained from your Cree representative or from the Product Documentation sections of [www.cree.com](http://www.cree.com).
- **REACH Compliance**  
REACH substances of high concern (SVHCs) information is available for this product. Since the European Chemical Agency (ECHA) has published notice of their intent to frequently revise the SVHC listing for the foreseeable future, please contact a Cree representative to insure you get the most up-to-date REACH SVHC Declaration. REACH banned substance information (REACH Article 67) is also available upon request.
- This product has not been designed or tested for use in, and is not intended for use in, applications implanted into the human body nor in applications in which failure of the product could lead to death, personal injury or property damage, including but not limited to equipment used in the operation of nuclear facilities, life-support machines, cardiac defibrillators or similar emergency medical equipment, aircraft navigation or communication or control systems, air traffic control systems.
