Parallel Printer Cable, Bi-Directional (DB25 to Cen36 M/M), 10-ft.

MODEL NUMBER: **P602-010**

Highlights

- Superior molded cables with integral strain relief and foil-shielding for maximum EMI/RFI protection
- Provides superior conductivity and support for high-speed bi-directional printing

System Requirements

- Computers with a DB25 Female parallel port
- Parallel printers with a Centronics 36 Female parallel port with Bi-Directional communication (although not essential).

Package Includes

- 10-ft. Bidir Parallel Cable Cen36M to DB25M

Description

Tripp Lite's 10-ft. bi-directional parallel printer cable connects computers with a DB25 female parallel port to parallel printers with a Centronics 36 female parallel port. The cable has DB25 male/Cent36 male connectors and supports bi-directional communication. It is manufactured from superior molded cable with integral strain relief and foil shielding for maximum EMI/RFI protection. Bi-directional communication allows your printer to broadcast printer error messages back to network computers. Use IEEE cable if IEEE specifications are required.

Features

- Supports bi-directional communication
- Length 10-ft. Connectors: DB25 male/Cent36 male
- Superior molded cable with integral strain relief and foil shielding for maximum EMI/RFI protection
- Bi-directional communication allows your printer to broadcast printer error messages back to network computers
- Molded ends with easy-grip textured overmold
- Use IEEE cable if IEEE specifications are required
