## Solenoid valve VOVK-BT6-M32C-MN-5T1P-FB Part number: 8122776

## **Data sheet**

| Feature                           | Value   |
|-----------------------------------|---|
| Valve function                    | 3/2, closed, monostable   |
| Relative air humidity             | 70 %  |
| Material of spring                | High-alloy stainless steel  |
| Cv value                          | 0.006 Gal/min US  |
| Operating pressure                | -14.5 psi 100 psi   |
| Operating pressure                | -0.1 MPa 0.7 MPa  |
| Nominal operating voltage DC      | 12 V  |
| Note on switching time on         | <= 6 ms at 0 < p < 6 bar, <= 13 ms at -1 < p < 0 bar              |
| Note on switching time off        | At –1 < p < 6 bar   |
| Information on operating pressure | Operating pressure at port 3: -1 to 0 bar only                    |
| Note on relative air humidity     | at ambient temperature  |
| Actuation type                    | Electrical  |
| Width                             | 5.9 mm  |
| Standard nominal flow rate        | 5.5 l/min   |
| Pneumatic working port            | Sub-base  |
| Operating pressure                | -1 bar 7 bar  |
| Design                            | Connection direction downwards<br>Poppet valve with return spring |
| Reset method                      | Mechanical spring   |
| Degree of protection              | IP40  |
| Nominal width                     | 0.36 mm   |
| Type code                         | VOVK  |
| Exhaust air function              | With flow control option  |
| Sealing principle                 | Soft  |
| Mounting position                 | Any   |
| Manual override                   | None  |
| Type of control                   | Electrical  |
| Flow direction                    | Reversible  |
| Symbol                            | 00992967  |
| Max. switching frequency          | 10 Hz   |
| Switching time off                | ≤6 ms   |
| On switching time                 | ≤13 ms  |
| Duty cycle                        | 100% within 500 h   |
| Electrical power consumption      | ≤0.5 W  |
| Permissible voltage fluctuations  | +/- 10 %  |
| Operating medium                  | Compressed air to ISO 8573-1:2010[6:4:1]                          |

## **FESTO**

| Feature                                  | Value  |
|--|--|
| Information on operating and pilot media | Operation with oil lubrication not possible                    |
| Corrosion resistance class (CRC)         | 1 - Low corrosion stress                                       |
| Temperature of medium                    | 5 ℃ 50 ℃   |
| Ambient temperature                      | 5 ℃ 50 ℃   |
| Product weight                           | 4.5 g  |
| Electrical connection                    | 2-pin  |
| Type of mounting                         | With through-hole  |
| Pneumatic connection 1                   | Sub-base   |
| Pneumatic connection 3                   | Sub-base   |
| Note on materials                        | Contains paint-wetting impairment substances<br>RoHS-compliant |
| Housing material                         | PBT  |
