Dialight

41 SERIES
4” Round LED
Rear Turn Signal Lamps

FEATURES / BENEFITS

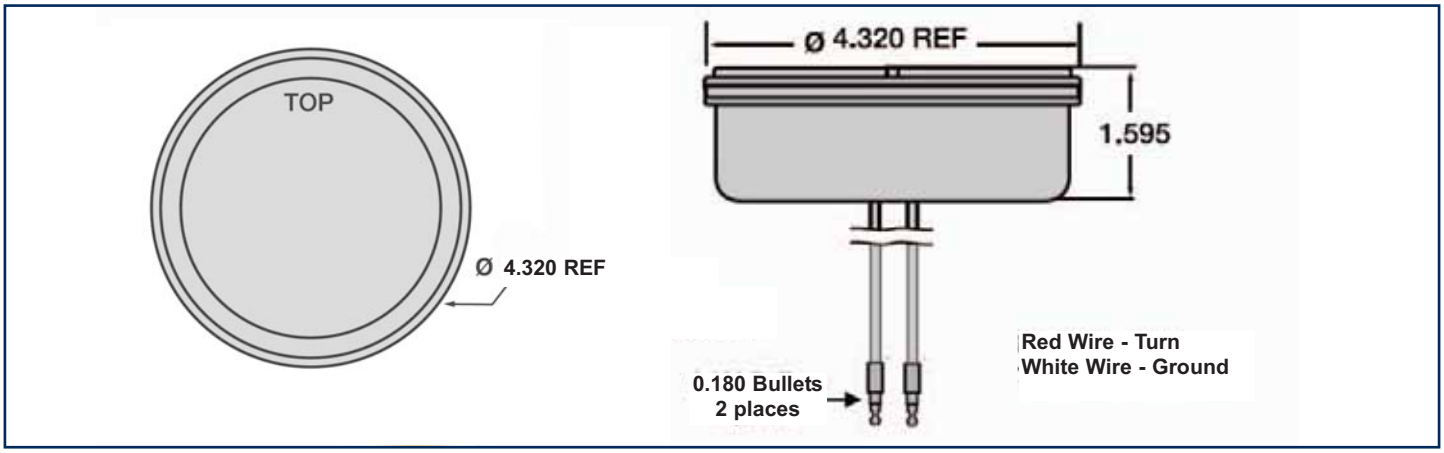

- Industry standard 4” round design
- Terminated 0.180 Bullets
- Integral wiring
- Polycarbonate lens
- Flange mount option available
- Reduced current draw
- Longer life - 100,000 hours
- Lifetime warranty

APPLICATION

The 41 Series LED rear turn signal lamps were developed by Dialight for heavy-duty applications where increased safety and reliability and reduced maintenance are a major concern. These lamps were designed to conform to all of the FMVSS requirements for both existing and new vehicle designs.

The 41 Series rear turn signal lamps use Dialight’s welded construction with automotive grade potting compound to seal the area where the wires pass through the housing. The use of integral wiring results in fewer interconnections between the lamp and the vehicle harness.

SPECIFICATIONS

Part Number	Description	Typical Power Ratings
41071A	12.8 Volt Rear Turn	710 mAmps @ 12.8 Volts
