

# XRCJK13M000F1QA3E2

< List of part numbers with package codes >

XRCJK13M000F1QA3E2

## Appearance & Shape

## Features

Standard package size (3225) product with seam sealing technology.  
Robust package gives high reliability and high impact resistance.  
They are suitable for various types of digital communication equipment requiring high reliability.

## Applications

|             |          |
|-------------|----------|
| Other Usage | Consumer |
|-------------|----------|

## Packaging Information

| Packaging | Specifications     | Minimum Order Quantity |
|-----------|--------------------|------------------------|
| E2        | 180mm Plastic Tape | 3000                   |

### Attention

1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, its specifications are subject to change or our products may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering.  
2. This datasheet has only typical specifications because there is no space for detailed specifications.  
Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

# XRCJK13M000F1QA3E2

## Specifications

|                                    |                     |
|------------------------------------|---------------------|
| Shape                              | SMD                 |
| Frequency                          | 13.0000MHz          |
| Frequency Tolerance                | ±10ppmmax. (25±3°C) |
| Operating Temperature Range        | -30°C to 85°C       |
| Frequency Shift by Temperature     | ±15ppmmax.          |
| Frequency Aging                    | ±3ppmmax./year      |
| Wash                               | Not avairable       |
| Load Capacitance                   | 8pF                 |
| Equivalent Series Resistance(Max.) | 100Ω                |
| Drive Level(Max.)                  | 60μW                |
