

BOH-1400 Version: 1

Camera PoE Outdoor Enclosure

The LevelOne BOH-1400 is a PoE indoor/outdoor protective enclosure for LevelOne box cameras. It features a built-in heater and fan that controls the temperature of the enclosed camera, for -20°C to 50°C harsh environments, with IP66 weatherproof and IK10 vandal proof, for indoor/outdoor high security surveillance. It also offers a built-in Power over Ethernet (PoE) module allowing you to power BOH-1400 using 100% PoE power. No more hassle with crimping and running wires. Just Plug and Play and you'll have enough power to run the fan, heater and camera from a single power source.

* This product does not work with regular PoE equipments. Use only with LevelOne POI-4000 High Power PoE Injector or FSW-0513 4-Port High Power PoE Switch.

1. Housing cover with sunshield
2. Camera mounting board
3. Power module

Key Features

- Weatherproof IP66-rated with wide operating temperature (-20°C to 50°C) for harsh environments
- Vandal-proof IK10-rated housing
- Power support: High Power PoE
- Works with LevelOne POI-4000 & FSW-0513

Works Well With

FSW-0513

4 FE High Power PoE + 1 FE Switch, 120W

POI-4000
PoE Injector - 60W
