■ How to Specify an Order

When ordering our products, specify them with an "Ordering Code" that consists of the following:

Model name – Frequency (up to 9 digits) M– Number for specifying an order

Example 1: When ordering a product with model name: 2560NK, frequency: 80 MHz, frequency stability: ±100 x 10^{-6}, and power supply voltage: 5.0 V
Ordering Code: 2560NK – 80.000000M – NSA3285A

If you have any queries concerning our standard frequencies and numbers for specifying orders, please contact our sales representatives or visit our homepage (http://www.ndk.com/).
