

ADATA UC370 USB OTG FLASH DRIVE

The UC370 USB OTG Flash drive integrates USB-A and USB-C connectors with USB 3.1 in an ultra-small housing, delivering higher efficiency and convenience for data transfer across numerous devices such as smartphones, tablets, and PCs. It's resistant to water, dust, and shocks, and includes a neat strap mount for excellent portability.

USB-C: ideal for new MacBook

- Combines USB-A and USB-C connectors with USB 3.1
- Supports the latest MacBook plus all PCs and mobile devices with compatible USB ports

Reversible USB-C connector for improved convenience and transmission

The reversible USB-C plug makes connecting more user-friendly and intuitive. It also provides higher transfer speeds than older USB 3.0 devices, supporting up to 10Gbps.

Extra expansion for your devices

- Available in 16GB to 64GB
- Works as storage expansion for mobile devices
- Simple plug n play with instant detection and no drivers or installation

Protection from water, dust, and shock

- High durability: resistant to water, dust, and impact
- Highly-compact form factor
- Ensures utmost reliability for an extended lifespan

An easy-go design with strap mount

An integral strap mount makes it easy to carry your data with you on a lanyard, keychain, or necklace.

Features

- OTG (On-The-Go) design for direct connection
- Reversible USB-C connector
- High speed USB 3.1 interface
- Integrated strap mount for great portability
- Simple driver-less plug n play
- Advanced COB (Chip-On-Board) process for improved durability – highly resistant to water, dust, and impact
