LONG LIFE XENON LAMP SERIES

75 W: L10725/-01/-02, L10726/-01/-02
150 W: L11033, L11034

OVERVIEW

Our long life xenon lamp series now have a drastically extended service life^① compared to our previous lamps, thanks to the use of an innovative new electrode. This significant increase in service life helps reduce time-consuming maintenance tasks such as lamp replacement and lamp position alignment. Other benefits from using the long life xenon lamp include saving natural resources and a smaller burden on the environment.

① Guaranteed service life (75 W: twice that of our conventional models, 150 W: about 1.7 times that of our conventional models)
