Easy listening and handsfree calling

## In short

A high-quality and universally compatible stereo headset at a very competitive price.

**Authentic audio** – Sony audio quality designed for an excellent mobile music experience

**High-comfort ergonomic earbuds** – made to fit well, stay put and block out background noise. In-ear sound quality and in-concha comfort.

**Sophisticated look and feel** – designed to look well and work excellently with every popular smartphone and tablet on any market.

**Sales argument** – a high-quality and universally compatible stereo headset at a very competitive price. As good as the best.

## In detail

### Comfort and clarity

Innovative and ergonomically designed earbuds and advanced 9.2 mm dynamic earphone speakers give you an impressive music listening experience and a high degree of comfort. You can enjoy all your entertainment wherever you go and as much as you want.

### Any weather

STH30 is designed to perform in any conditions. The entire headset is fully waterproof including the headphone speakers which are fitted with specially designed water-repellant acoustic fabric\*. Great for exercising. Great for anything.

\*Note: For best audio, STH30 headphone speakers should dry in room temperature for up to three hours after being exposed to water.

### Universal compatibility

You can use STH30 with any popular smartphone, tablet, laptop or music player that has a standard 3.5 mm audio connector. Whatever you like – music on the move, gaming, mobile video entertainment – you will get the best experience.

### Handsfree calling

When a call comes in, press the inline remote to answer and press again to end the call. You can also use the inline remote to skip back and forwards between tracks.
