# PosterBOX

Side illumination for shallow or narrow cabinets

PosterBOX™ features FanFlare™ technology that directs the light across the sign face with bright, even illumination. Designed for single-sided and double-sided sign boxes, PosterBOX can be used for new or retrofitted signs replacing fluorescent.

- Easily illuminates double-sided cabinets with 4-6 inch depths
- Side mounted module
- FanFlare lens technology projects light in a fan pattern to evenly illuminate sign face
- Constant Current Technology (CCT)
