DESCRIPTION

The SW1 HIMSM Series provides 3kVdc isolation for more challenging applications and is packaged in an industry standard SMD package. The package (19.9 x 13.5 x 9.5 mm) is fully encapsulated in a non-flammable plastic case (meeting UL 94V-0) and is designed to meet EN60950 and UL1950 safety standards. As outputs are fully isolated from the input, a variety of grounding and polarity configurations are available.
