

C8051F064 EVALUATION KIT QUICK-START GUIDE

1

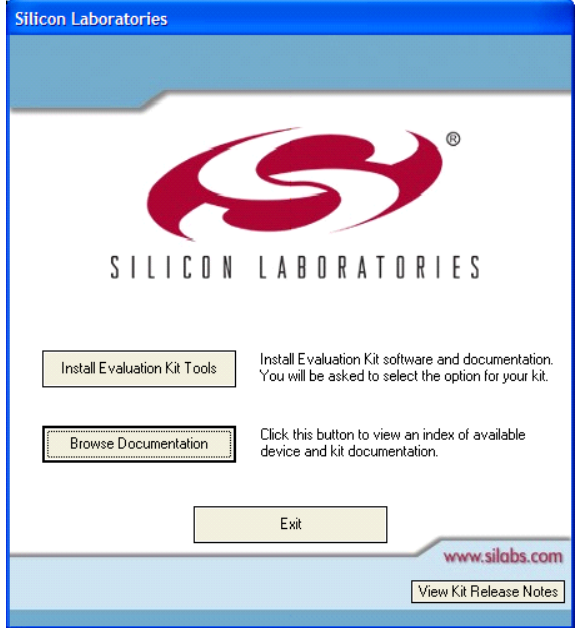

Insert Evaluation Kit CD in CD-ROM Drive.

Note: If autorun does not launch the introduction window, run *autorun.exe* directly from the CD.

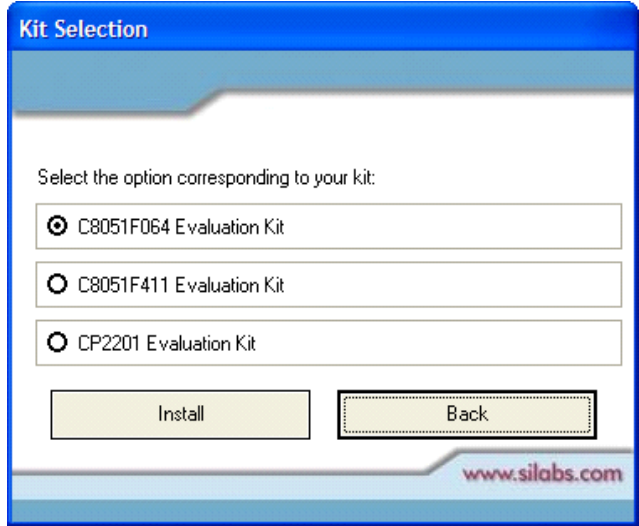

2

Click the *Install Evaluation Kit Tools* button.

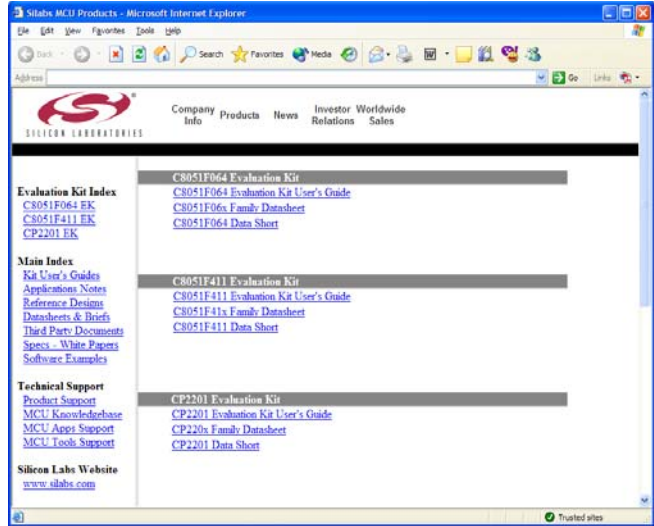

3

Select the *C8051F064 Evaluation Kit* option and click the *Install* button.

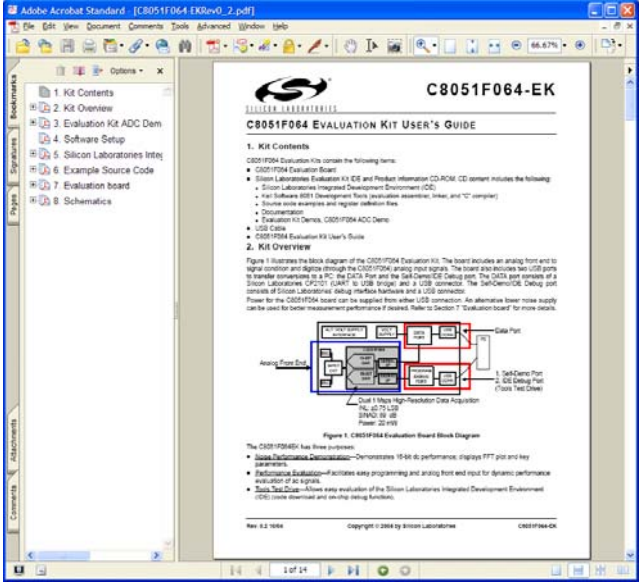

4

After the installation is complete, click the *Browse Documentation* button. Choose the *C8051F064-EK* link on the left pane. Then choose the *C8051F064 Evaluation Kit User's Guide*.

5

Follow the instructions in the *User's Guide* to complete the *C8051F064-EK* demonstration.

If you are having trouble installing and/or using the evaluation kit, please use the following support resources:

1. MCU Knowledgebase (available at www.silabs.com → SUPPORT)
2. Contact an Applications Engineer using the online information request form (available at www.silabs.com → SUPPORT).
