

PIC-IoT WG Development Board

Connect PIC® MCU-based IoT Applications to the Google Cloud in Minutes

SMART

eXtreme Low Power (XLP) PIC24FJ128GA705 MCU with advanced analog integration ideal for IoT applications

SECURE

The ATECC608A CryptoAuthentication™ secure element ensures iron-clad security with hardware-based private key storage

CONNECTED

The low-power ATWINC1510 Wi-Fi® network controller is optimized for battery-powered applications
