Part Number : TPG1LG01 - CCS Load-n-Go Handheld In-Circuit Programmer

Load-n-Go is a low cost handheld in-circuit programmer that supports PIC10, PIC12, PIC14, PIC16, PIC18, PIC24 and dsPIC families. Running on four AA batteries this mobile programmer can go where no PC or laptop could go before. The simple user interface seamlessly allows for quick field programming of targets with up to four firmware images. Load-n-Go can also be powered bia USB or with a 9V AC adapter and used as a regular ICD/ICSP&trade with the CCS IDE compilers.

CCS is a trusted Third Party Tool provider
