

PCN: V18-165-PA FEM-A

Product Change Notice

Issue Date: 26-July-2018

Change Type:

Alternate wafer supply for PA dice.

Parts Affected:

ACPM-7788-TR1
ACPM-7788-SG1

Description and Extent of Change:

Broadcom is qualifying an alternate wafer supply for PA ICs.

Reasons for Change:

This is part of Broadcom's continuous effort to mitigate any die shortage and improve demand supportability.

Effect of Change on Fit, Form, Function, Quality, or Reliability:

The device specification will remain the same. Appropriate electrical characterization and reliability qualification was performed on product to ensure normal parametric distribution, consistent electrical performance and reliability.

Effective Date of Change:

Product shipments using these changes will begin November 2018. Timing of shipment of the changed part will depend on customer demand and inventory levels.

Qualification Data:

Qualification results are available upon request and samples are available in August 2018.

The changes to these Broadcom parts have been reviewed and approved by Broadcom engineers and managers per Broadcom procedure: Change Control and Customer Notification A-5962-6052-80.

Please contact your Broadcom Inc. field sales engineer or Contact Center (<http://www.broadcom.com/contact/>) for any questions or support requirements. Please return any response as soon as possible, but not to exceed 30 days.
