Bulletin Details			
Description:			

Description:

In order to help our customers differentiate between material built at the Telefunken wafer foundry and the newly qualified Vanguard wafer foundry, the inner box labels, the Moisture Barrier Bag (MBB) labels, and the Reel Labels have been modified with a bold-faced designator.

If a label contains "TSG", the material is from the Telefunken wafer foundry. If the label contains "VIS" in bold print, the material is from the new Vanguard wafer foundry. This change will be in effect while we are shipping material from both foundry sites. Please see examples of the label changes below. The red highlights are for this notification only and will not be printed on the label.
